**Construction: \$515,000**

**Unfunded Balance:  
\$560,000**

Prepared by:  
City of Fort Pierce  
Engineering Department

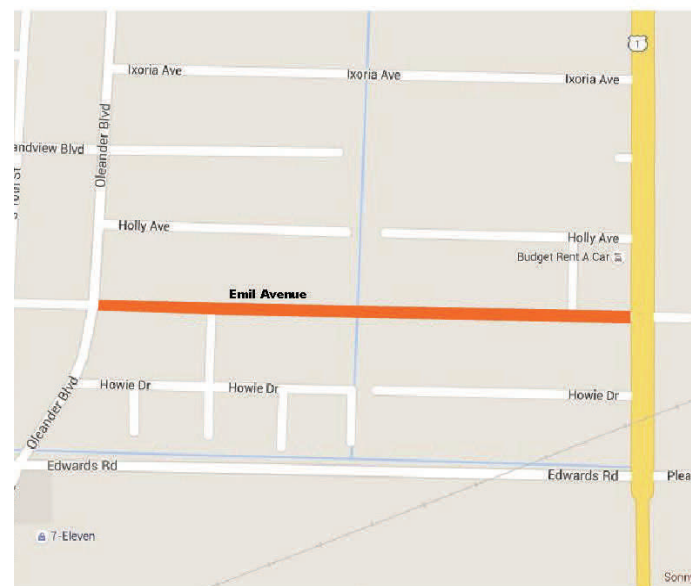

Revised: May 2016

## Project Summary

This project will construct 0.41 miles of sidewalk on both sides of Emil Avenue from S US Hwy #1 to Oleander Avenue.

## Project Benefits

This is a residential area occupied by many young families with school age children. The bus stop is a community stop located at the corner of Oleander Ave. and Emil Ave.. Parents and children are forced to walk in the roadway. Also located at the east end of Emil Ave. and S US Hwy #1 is the Save A Lot grocery store, where again pedestrians are forced to walk in the roadway until reaching S US Hwy #1.

## Project Costs

Engineering: \$45,000 - Completed

Construction: \$515,000 - **Unfunded**
