

# Avenue D Streetscape Improvements

- Project Limits: North US Highway #1 to Indian River Dr.

## Total Project Cost:

Engineering: \$56,000

Construction:  
\$1,547,840

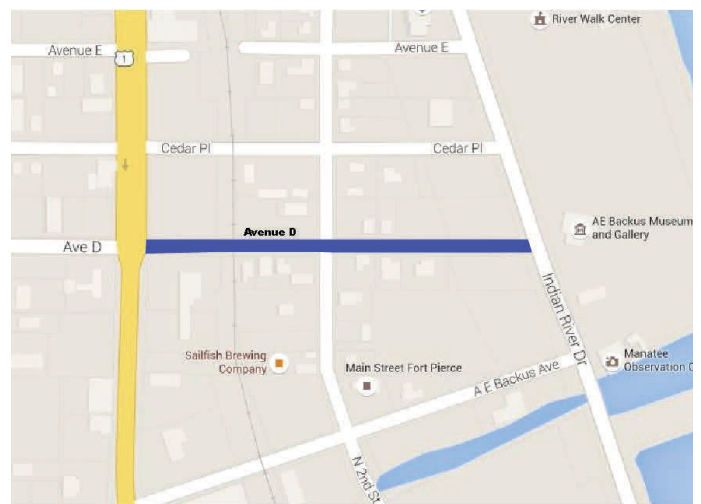

**Unfunded Balance:**  
**\$1,603,840**

## Project Summary

The improvements for this project will include drainage replacement, roadway and sidewalk reconstruction. This project also includes, improved lighting and landscaping.

## Project Benefits

Revitalization of this corridor (0.18 Miles) connects US Hwy #1 with the re-developing Edgartown District. This reconstruction would aid in the revitalization of the historic area. The street is in dire need of reconstruction and drainage improvements.
